THE BEST PLASTER.
A place of flannel dampened with Chamberlain's Pain Balm and bound on to the affected parts is superior to any plaster. When troubled with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief which it affords. Pain Balm is also a certain cure for rheumatism. For sale by J. R. Farrior.

WEATHER DALENDAR.

This is one of the best calendars published. It consists of twelve sheets of paper, 13x20 inches in size, all fastened together with a brass loop hanger. Each sheet contains the calendar for one month in large figures that can be read across any room. Under the figures patent weather signals indicating Prof. DeVoe's Weather Forecasts for every day in the year appear. The moon's changes and legal holidays are also shown. We understand a few copies of it can be secured by sending 10 one-cent postage stamps to The Chattanooga Medicine Co., Chattanooga, Tenn.

A SURE SIGN OF CROUP.
Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by J. R. Farrior.

I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years.

As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.
